

5<sup>th</sup> January 2018

Dear Parent/Guardian

### **Proposed Federation of Sandy Upper School and Moggerhanger Lower School**

Sandy Upper School and Moggerhanger Lower School are proposing to form a federation called “The Greensand Federation”. A detailed proposal is attached which allows parents and other stakeholders the opportunity to respond to the proposal should they wish to do so.

The reason for this proposal is to provide the opportunity to collaborate across, teaching, learning and governance, in order to ensure that every child in “The Greensand Federation” receives an excellent, well-rounded education from 3 to 19 years. No one school can do this on their own and as we serve similar communities and work with the same students and families, we feel this is an exciting opportunity to create a sustainable educational model where each school can keep its own individual identity, but benefit from sharing good practice and services to support its continued development and raising of standards.

The consultation period will run from Friday 5<sup>th</sup> January 2018 to Friday 9<sup>th</sup> February 2018. We will also be hosting drop in sessions in both schools, which are shown in the document, if you have any questions or would like to speak to us about this further.

This is potentially a really exciting opportunity for both schools to come together under one federation.

Yours sincerely

Miss K Hayward  
Executive Principal
